

Euro containers – perforated

600 x 400 mm]

Product Summary

Article No.

FP-PO6420

Dimensions (mm)

600 x 400 x 200

Internal dimension (mm)

567 x 367 x 190

Colour

white | gray | orange

Capacity (l)

40

Weight [kg]

1.5

Construction

perforated

Material

HDPE

Handles

open

Quotation only on request. For more info please contact our office at info@fach-pak.pl

Product Description

Stackable crates by FACH-PAK are being used in lots of industry branches such as food processing, chemistry, automotive, building etc. Are always made from high quality resins to endure heavy weights, damages and acids impact. Many of them can be equipped with lid and pocket label. Standard colours are white and grey. Temperature range in among -30 to +60°C. All of containers are made due to Euronorms. Thanks to it logistics becomes much cheaper and also space-safer. Personalisation on request is also welcome.
